## Ozzie's

It's impossible to visit Longport and not hear about Ozzie's restaurant; you may even know that it used to house a liquor store, restaurant, market and variety store. Only a few will remember the Summer of 1992 when it was a Wawa! Ozzie's was originally started by Ozzie Lenzch, a famous name in the world of circus performance: Ozzie claimed to have created the first highwire act originating in the U.S.

Clues for next stop:

- This big blue building is home to the Coast Guard and right by all of the fun in the sand!
- Your next stop is between the playground and the tennis courts.
- Head North (towards Margate) on Atlantic Avenue for .5 miles. Your next stop is on your right; if you reach Margate, you've gone too far!
